

The Eagle's Eye

A silhouette of an eagle is shown in flight against a vibrant sky at sunrise or sunset. The sun is low on the horizon, creating a warm glow and casting long shadows. The landscape below is a valley filled with a thick layer of fog or mist, with mountains visible in the distance. The sky transitions from a deep blue at the top to a bright orange near the horizon.

Focus

The Eagle's Eye

A silhouette of an eagle is shown in flight against a vibrant sky at sunrise or sunset. The sun is low on the horizon, casting a warm glow over a valley filled with mist. The sky transitions from a deep blue at the top to a bright orange near the horizon. The eagle is positioned on the right side of the frame, with its wings spread wide.
